11mths. A sweet natured young 'Mortlock' heifer with plenty of growth for her age. Out of a first calf heifer, going back to a lovely framed Lamont cow who has produced 8 calves. Sire: Oasis A Sir Mortlock was a \$24,000 purchase from the 2021 DN Sale. Selected for his length & depth, excellent feet & legs as well as a lovely polled head, a very fleshy young sire who is doing a good job within our herd. His calves are tiny but tough buggers, Mortlock is the perfect 'heifer bull' for our herd.
