

15' *Vale View* **IDA 2**

PP / 15 mths / 442kg

Ida's dam is a beautiful, soft Vale View Ripper daughter, Ida has some of our most consistent genetics to back her in Ripper & on the sires side; Paige & Maresmo. She has produced 3 calves inc \$6,000 heifer & \$18,000 bull sold.

This is the second season of Vale View Einstine 2 progeny & we are very happy with them. Females are as feminine as you can get them & sons are long & deep with that added punch about them. Backed by excellent temperament & very hard to fault structure.

Vale View
Droughtmasters

Sire: Vale View Einstine 2 (IVF) (PP)

Dam: Vale View Cathy 2

Maternal brother sold for \$18,000 in 2024
