11mths. The first offering of our Oasis A Sir Mortlock females. A very neat young heifer with that bit more 'punch' about her, but still very feminine. She's out of a first calf heifer by our leading sire Vale View M Gator. Her dam has produced 7 calves with 3 females retained.

Sire: Oasis A Sir Mortlock was a \$24,000 purchase from the 2021 DN Sale. Selected for his length & depth, excellent feet & legs as well as a lovely polled head, a very fleshy young sire.

Grand-Dam: Vale View Xquisit
