

# LOT 36 VALE VIEW FULTON 2 (IVF) (PP)

A purpose bred bull backed by proven genetics on both sides. His dam has 16 calves with all females retained, a son 'Zed' was purchased for \$22,000 by Mostyndale Stud, we loved the easy doing & growth of Zed during sale preparation, we were lucky enough to purchase a half share in him. Zed has travelled seasonally between Manumbar & Springsure, he weighs in over 1100kg working condition & consistently produces small calves, reports of Zed sons sold & retained are producing small calves also. Fulton is a lovely soft bull with a kind temperament & very sound.

Dam; Vale View Patty with one of her heifers.

Maternal brothers: Vale View Vagas, Vale View Zed & Vale View Sherriff.
