<i>Breedplan Averages for 2021 born calves</i>		<i>+12</i>	<i>+18</i>	<i>+24</i>	<i>+5</i>	<i>+1.3</i>	<i>+14</i>	<i>+0.7</i>

* Bulls with 'mid parent values' figures; these bulls are IVF calves & their recipient dam were not recorded to Breedplan unfortunately, therefore the figures are the bulls parents figures added together & then halved.
