

# 400' Vale View GARRETT 2 (PS)

A lovely soft fleshy son of our lead sire Vale View M Gator. Plenty to like about this fella, a perfect heifer bull, lovely temperament with everything in the right place.

Dam has produced 9 calves consecutively, all females were retained. A female line we think a lot of, featuring Vale View Maresmo, Vale View Playboy & Connor Enis.

Sire unfortunately died suddenly a couple of months back. He produced the 2022 National Female Sale 'top price female' selling for \$24,000. He has sold 11 sons to avg \$14,270 with a top of \$24,000.

Dam: Vale View X-Serena

Sire: Vale View M Gator
